

# Valutek Cross-Linked Polyethylene Shoe Cover

Part Number: VTSHCVPL

**Description:** Valutek's disposable cross-linked polyethylene shoe covers are manufactured with 100% cross-linked polyethylene with heat sealed seams. These shoe covers are strong, durable and impervious to liquids. Available in light weight, standard weight and heavy weight. All Valutek shoe covers are tested and manufactured in ISO compliant facilities under Valutek inspection and stringent process control to ensure Valutek quality standard and product specification compliance.

**Application:** As part of the **Valutek Microtek product family**, this product is recommended for use in a cleanroom Class 100 -1,000 (ISO 5-6) critical environment. It is the most economical shoe cover available that provides full liquid protection and is commonly used in microelectronics and pharmaceutical industries.
